Female Swim Sessions

Female Swim sessions – Sunday

-
Currently the swim sessions on a Sunday are maintained and operate with male lifeguards. We are doing all we can to recruit more female lifeguards and are hosting a National Pool Life guarding course here in April in the hope we can attract more female lifeguards.

As it stands we have two full-time members of staff who are qualified to cover these swimming sessions but can't commit to working every Sunday. The sessions require 4 lifeguards.

We have put together dates that we can agree to have female only staff team on site, however we will not be in position to provide weekly female staffed sessions. These dates will be posted on the web page.

To ensure fairness and ease of access, we are also looking to get these sessions bookable in advance to prevent on the day disappointment.

We do sell all in one swim costumes and we do everything we can to ensure all members of our community can access our wonderful facility and services. We would like to ask our community to bear with us why we do all we can to implement positive changes."

Female Swim sessions – Thursday

These will remain as always with a male lifeguard.
